State roster gives sheriff phone, mailing address and fax. Emergency routing and service timetable are absent from the entry.

TCF Available-Record Grade 1.0 | F - 50.0/100

PROVISIONAL - LIMITED RECORD

PUBLIC INFORMATION / PROCESS ONLY. CONDUCT NOT ASSESSED.

The grade describes only the evidence actually assessed against the fixed checks. It does not estimate overall police quality, the share of officers acting properly, resident trust, or future misconduct. Coverage measures assessed rubric weight, not the percentage of incidents or personnel reviewed. These editorial choices have not been statistically validated.

There is no minimum overall/category coverage or incident count for this limited grade. Each observation still needs sufficient evidence. With no assessable check the result is NR. Unknown checks earn no credit and no penalty; a zero rating is assessed and stays in the denominator. A department duty inapplicable to one event remains Unknown unless other evidence supports assessment.

The 20 fixed checks each weigh 5 points. Average distinct event observations within each outcome check; use one current snapshot for each publication check. Earned weight = $\text{sum}(5 \times \text{check rating} / 4)$. Score = $100 \times \text{earned weight} / \text{assessed weight}$. Coverage = $\text{assessed weight} / 100 \times 100$. Do not average category percentages equally or count multiple articles as separate incidents.

Calculation: $100 \times 2.5 / 5 = 50.0$. 1/20 checks; 5% rubric coverage.

Use the unrounded score for the letter: A ≥ 90 , B ≥ 80 , C ≥ 70 , D ≥ 60 , F < 60 . Display one decimal, adding precision at a boundary so rounding never promotes a grade. With partial evidence the assessed checks determine the effective mix; each assessed check carries 100.00% of this headline result.

Assessed categories: Service and communication

Unassessed categories: Conduct, force and custody, Accountability, Transparency, Training and supervision

Do not rank departments whose grades cover different checks or sampling frames. A direct comparison needs shared checks and comparable periods, with remaining sampling differences disclosed. A change after regrading or added evidence is not proof of changed department behavior. Prior editions remain archived.

Revision history: Rescored the archived October 6, 2026 TCF report against TCF Available-Record Grade 1.0 on October 13, 2026; old points were not translated. Historical event findings, crime/staffing context and social research retain the 2026-10-06 cutoff (the traffic-stop file was originally retrieved October 5 and its excerpt reviewed October 6). Only the Missouri Roster (S23), agency homepage/FAQ/forms/staff/accessibility pages (S24-S28), the already-cited fiscal-2023 audit (S29), and the Auditor county publication index (S30) were reopened. The October 13 period end marks this limited publication refresh, not a complete updated investigation.

Selection and evidence limits

Population: Accessible public material retained in the original Carter County Sheriff's Office report for 2025-01-01 through 2026-10-06; older material retained as labeled history. A limited official-publication refresh was performed on 2026-10-13.

Selection: Reconsider every retained source and finding against all 20 new fixed checks. Preserve favorable, adverse and unresolved context; merge duplicate accounts of each event. Refresh only the listed official directory/contact/FAQ/forms/staff/budget publication candidates, and score one bounded readable publication snapshot per check. No new incident, court, licensing or social investigation was undertaken.

Limits: The original search was a nonexhaustive public-web discovery review across identity, policies, internal affairs, oversight, courts, staffing, budget, FBI UCR, balanced media and seven social platforms. No complete incident sampling frame was obtained. The migration is not a representative conduct sample; directory publication evidence measures only the identified published contact set.

Agency response

Not requested by TCF for the original draft or this migration. Existing public agency statements are attributed to their sources; no records request or right-of-reply request was sent.

Limitations

- Rescored the archived October 6, 2026 TCF report against TCF Available-Record Grade 1.0 on October 13, 2026; old points were not translated. Historical event findings, crime/staffing context and social research retain the 2026-10-06 cutoff (the traffic-stop file was originally retrieved October 5 and its excerpt reviewed October 6). Only the Missouri Roster (S23), agency homepage/FAQ/forms/staff/accessibility pages (S24-S28), the already-cited fiscal-2023 audit (S29), and the Auditor county publication index (S30) were reopened. The October 13 period end marks this limited publication refresh, not a complete updated investigation.
- The only scored check describes a bounded state directory publication. It is not representative of department-wide conduct or service quality; source subsets and cutoffs differ across agencies.
- Agency homepage, FAQ, forms, staff and accessibility/footer pages returned maintenance on October 13. Older search-indexed content was excluded from numeric scoring; an access error is not a records refusal.
- All outcome checks remain Unknown: the retained record lacks complete current primary episodes and applicable benchmarks. A program designation, grant, service initiative or public comment is not operational conduct proof.
- The original fiscal audit concerns 2023, and former-official convictions/licensing context is historical. These records were not used to grade current personnel.
- Current primary staffing, reserves, adopted sheriff operating/capital budget, FBI offense counts and reporting months remain unresolved. Secondary workforce counts are leads only.
- Raw social text/private identity mappings are not available in the saved PDF. Archived counts and NR result are disclosed separately; no fabricated comments or recalculated index are supplied.
- The authentic badge was extracted directly and unaltered from the archived PDF, with the original white background. Its old profile provenance remains dated October 6.
- No new incident, court, licensing or social investigation was performed; original Case.net/access gaps and nonexhaustive search limitations remain. No requests or agency contact were sent.

Conduct, force and custody

Fixed weight: 35/100. Assessed: 0/7 checks; 0% category coverage. Earned/assessed: 0/0. Category score: NR.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: 2025 traffic-stop totals describe activity but provide no complete identified stop/search, applicable authority and case-level compliance evidence. [S07,S22]

C2 - Arrests and detention - Unknown

Fixed benchmark: A documented arrest or detention has the required basis, duration and process.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: traffic-stop arrest totals and an agency arrest announcement do not establish an identified arrest's basis, duration and process from complete primary records. Civilian allegations and public praise were not converted to findings. [S07,S18,S21,S22]

C3 - Force justification and proportionality - Unknown

Fixed benchmark: A documented use of force meets the applicable necessity and proportionality benchmark.

[S20,S22]

C5 - Custody and medical care - Unknown

Fixed benchmark: A documented custody or medical-care episode meets the applicable safety and care duties.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: no sufficiently documented custody or medical-care episode establishes current compliance or failure. Site access limitations are not custody findings. [S20,S22]

C6 - Equal treatment - Unknown

Fixed benchmark: A documented service or enforcement decision meets the applicable nondiscrimination/equal-treatment benchmark.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: no complete identified service or enforcement decision permits assessment of equal treatment; aggregate activity and one social discussion cannot substitute. [S07,S18,S22]

C7 - Report and evidence integrity - Unknown

Fixed benchmark: A documented reporting/evidence episode meets accuracy, preservation and disclosure duties.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: former officials' 2012 firearm sentences remain historical. No current reporting/evidence episode with sufficiently complete primary evidence was retained. [S11,S12,S22]

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

Accountability

Fixed weight: 25/100. Assessed: 0/5 checks; 0% category coverage. Earned/assessed: 0/0. Category score: NR.

A1 - Complaint intake access - Unknown

Fixed benchmark: Published complaint intake is usable for its explicitly identified audience.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: direct forms review again returned maintenance. The retained partial FAQ concerns anonymous crime tips, not a verified personnel-complaint process. No readable complaint set permits component scoring. [S03,S04,S25,S26,S22]

A2 - Investigation quality - Unknown

Fixed benchmark: A completed documented investigation addresses the material evidence, competing accounts and relevant issues.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: no complete current complaint investigation addressing evidence, competing accounts and relevant issues was retained. [S04,S20,S22]

A3 - Supported findings and explanations - Unknown

Fixed benchmark: A completed finding gives a reasoned conclusion supported by the reviewed evidence.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: no current reasoned agency finding with supporting material evidence was retained. Historical criminal sentences and a name-based license-status roster are distinct and outside current outcome scope. [S11,S12,S22]

Fixed benchmark: Documented corrective action appropriate to an established issue is completed and followed up.

Scope / rationale: Carter County Sheriff's Office, Missouri. Fiscal-audit management plans/assertions do not verify remedial effectiveness. [S06,S22]

A5 - Cooperation with external oversight - Unknown

Fixed benchmark: A documented oversight episode shows compliance with the applicable oversight requests and requirements.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: neither historical license statuses nor a county financial audit provides a complete current sheriff oversight episode demonstrating compliance or obstruction. [S06,S12,S22]

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

Transparency

Fixed weight: 20/100. Assessed: 0/4 checks; 0% category coverage. Earned/assessed: 0/0. Category score: NR.

T1 - Policy publication - Unknown

Fixed benchmark: A bounded reviewed public operational-policy set meets the publication components.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: direct site checks yielded maintenance, not a readable operational-policy set. A blocked source cannot establish absence of publication components. [S20,S24,S25,S22]

T2 - Complaint and force outcome disclosure - Unknown

Fixed benchmark: A bounded reviewed public outcome-reporting set meets the disclosure components.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: no bounded readable complaint/force outcome-reporting set was retained or obtained in this limited refresh. Traffic-stop statistics are not force outcomes. [S07,S20,S22]

T3 - Budget and staffing disclosure - Unknown

Fixed benchmark: A bounded reviewed budget/personnel publication set meets the disclosure components.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: the reopened fiscal-2023 audit is historical; current staff pages are blocked and no current appropriation/personnel publication set was obtained. Missing components cannot be inferred from a maintenance notice or an incomplete index. [S05,S06,S17,S27,S29,S30,S22]

T4 - Handling documented records requests - Unknown

Fixed benchmark: An actual documented request is handled accurately under the applicable scope, deadlines and disclosure/exemption duties.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: the FAQ discusses access to copies, not a documented request's actual processing against duties. No request log or complete request episode was retained. [S03,S22]

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

Training and supervision

Fixed weight: 10/100. Assessed: 0/2 checks; 0% category coverage. Earned/assessed: 0/0. Category score: NR.

S1 - Required-training completion - Unknown

Fixed benchmark: Dated completion records establish that the identified required training was completed for the reviewed personnel and period.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: the Blue Shield designation, grant report and school-employee app instruction do not supply dated completion records for required sworn training. [S08,S09,S10,S22]

S2 - Supervisory review and correction - Unknown

Fixed benchmark: Documented supervisory review identifies relevant issues and completes required corrective follow-through.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: no completed operational supervisory review with correction was retained. Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

Service and communication

Fixed weight: 10/100. Assessed: 1/2 checks; 50% category coverage. Earned/assessed: 2.5/5. Category score: 50.0.

P1 - Assistance and victim/crisis response - Unknown

Fixed benchmark: A documented assistance/victim/crisis episode meets the applicable response and follow-through benchmark.

Scope / rationale: Carter County Sheriff's Office, Missouri. Historical event review: 2025-01-01 through 2026-10-06; only named publication sources refreshed on 2026-10-13. | Unknown: a reported MyFlare partnership is service-initiative context, not a complete documented assistance/victim/crisis episode with measured response and follow-through. [S10,S22]

P2 - Public access and communication - 2/4; 2.5/5 weight points

Fixed benchmark: A bounded reviewed police-service publication set supplies usable contact and routing information.

Scope / rationale: Only the Carter County sheriff entry in the 2025-2026 Missouri Roster, PDF p. 107 (printed p. 100), reviewed 2026-10-13. A state-published public-contact set; blocked agency pages are excluded from the scored set. | Assessed only the refreshed state roster entry: the sheriff phone/mailling location and separate fax route meet two publication components. Emergency routing and a service/escalation timetable are absent from that bounded entry. [S23]

Distinct observations: 1

public-access-20261013 | 2026-10-13 | 2/4 [S23]

TCF editorial expectation: A bounded reviewed police-service publication set supplies usable contact and routing information.

Assessment: Two of four components are present in the identified readable directory entry. The phone/address and distinct fax route are published; emergency routing and a service or escalation timetable are absent from that bounded entry. This is a directory-publication assessment, not a test of response quality or a claim about every agency publication.

Locator: Missouri Roster PDF p. 107 (printed p. 100), complete Carter County Sheriff row; directory purpose PDF p. 4.

Publication component	Met	Reviewed evidence
Published police contact phone and physical/mail location, with route purpose identified	Yes	The Sheriff row identifies Alonzo Bradwell, phone 573-323-4510 and Carter County Justice Center, PO Box 817, Van Buren MO 63965.
Emergency/after-hours routing	No	The complete Sheriff row has no emergency or after-hours routing designation.
Published written police or public-record route	Yes	The Sheriff row separately publishes FAX (573) 323-4182, a written route directed to the sheriff.
Police-service assistance or escalation/response timetable	No	No police-service assistance, escalation or response timetable appears in the bounded Sheriff entry.

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

Staffing, budget & crime context

Full-time sworn

NR - current filled count not primary-verified [S05,S15,S17,S27]

PoliceCensus attributed 9 full-time officers and 8 civilians to 2025; the primary FBI return was not obtained. This remains an unverified lead, and staff photographs are not headcounts.

Reserve officers

NR - current filled reserve roster unverified [S05,S27]

Reserve count cannot be inferred from sworn totals or website titles.

Annual operating budget

NR - 2025/2026 adopted sheriff operating total unverified [S06,S29,S30]

Historical fiscal-2023 spending spans multiple funds; no current comprehensive operating/capital total was obtained.

2023 General Revenue sheriff spending

\$182,442 actual; \$186,970 budget; one fund line [S06,S29]

Historical fiscal-2023 sheriff General Revenue line only. Jail, dispatch, sales-tax and special-purpose funds are separate; no unsupported aggregation.

FBI UCR

NR - 2025 and 2026 offense totals/reporting months unverified [S15,S16]

ORI MO0180000 identifies the agency, not reporting completeness. Context remains at original October 6 cutoff; no offense refresh was performed.

2025 traffic-stop reporting

160 stops; 14 searches; 3 contraband finds; 7 stop-related arrests; 13 citations [S07]

State vehicle-stop return only, separate from all-crime totals or lawful-stop findings. Original file retrieval October 5; Carter excerpt review October 6.

Keep authorized and filled positions separate. Distinguish sworn and civilian personnel and dispatch scope. Identify adopted budgets versus actual spending and capital. Missing crime months are not zero. Partial-year counts are not compared directly with complete years. Crime is reported community activity, not a misconduct measure.

Findings & outcomes

1. Bounded directory publication review

TCF EVIDENCE ASSESSMENT | 2026-10-13 | [S23]

The current-edition state roster entry meets two P2 components: sheriff phone/mailling location and a separate fax route. Emergency routing and a service/escalation timetable are absent from the bounded entry. Blocked agency pages were not treated as evidence that those features do not exist.

Scope: Only the Carter County sheriff entry in the 2025-2026 Missouri Roster, PDF p. 107 (printed p. 100), reviewed 2026-10-13. A state-published public-contact set; blocked agency pages are excluded from the scored set.

2. Historical federal sentencing of former sheriff and deputy

COURT DECISION | 2012-07-09 | [S11]

DOJ reported former Sheriff Tommy Lee Adams received a 120-month sentence for four firearm felonies and former Deputy Steffanie Kearbey received 60 months for two stolen-firearm felonies. Sentences on each person's counts ran concurrently. These events do not describe the current administration.

Scope: Former officials only; outside the current event-review window; no current check scored.

3. County financial audit reports historical accounting findings

OTHER VERIFIED CONTEXT | 2026-03 publication; fiscal 2023 | [S06]

The county audit identified budget compliance, interfund-transfer classification and federal-award schedule deficiencies. Management responses describe plans or assertions; current remedial effectiveness was not verified.

Scope: County government fiscal-2023 systems; not sustained current officer-conduct findings.

4. Reported East Carter school-safety partnership

AGENCY STATEMENT | 2026-08-18 | [S10]

KFVS reported that East Carter schools and the sheriff's office introduced MyFlare alerts to dispatch, including live camera information. The report describes school-employee instruction. No independent outcome evaluation or sworn training roster was reviewed.

Scope: Service initiative attributed to school/agency officials; historical evidence cutoff October 6.

5. State designation and reported technology grant

OTHER VERIFIED CONTEXT | 2025; grant announcement 2025-10-03 | [S08,S09]

DPS listed Carter County as a 2025 Blue Shield community. KWOC attributed to Sheriff Bradwell a \$50,000 technology-grant selection for radios and laptops; receipt and spending were not independently reviewed.

Scope: Favorable program context, not accreditation or a training-completion/conduct ruling.

6. Historical names on POST status list

LICENSING DECISION | 2026-09-30 list update; decision dates unspecified | [S11,S12]

POST listed Tommy L. Adams and Steffanie M. Kearbey as Revoked. The roster is a license-status source, not the underlying reasoned orders, and its update date does not date the revocations.

Scope: Historical names; does not establish current staffing or complete personnel clearance.

7. Different-agency historical case excluded

COURT DECISION | 2021-03-29 | [S13]

In Mesey v. City of Van Buren, Document 68, the court granted summary judgment to Roper, the City of Van Buren and Alonzo Bradwell. Bradwell appeared in his Van Buren police role.

Scope: Different agency/role and outside current window; excluded from Carter County scoring.
