| Service & communication  | 5 / 5 [S25,S26] | 1 of 2 |

NR = Not Rated. Missing evidence is not an automatic failure.

### THE RECORD SO FAR

#### 1. COURT RULING - MAR. 23, 2026 [S10]

Court found no medical-care violation by two Rogers officers in Warnick contact; county jail and broader duties excluded.

#### 2. AGENCY POLICY - UNDATED [S08,S24]

Anonymous complaints accepted; 45-day notification target stated. Actual investigations and outcomes unverified.

#### 3. HEARING REFERRAL - JULY 2025 [S12]

CLEST advanced Rogers' request involving a former officer to a hearing. No final misconduct finding verified.

#### 4. AGENCY UPDATE - AUG. 18, 2026 [S18]

Rogers published a shooting-investigation update and reported prosecutor consultation. Outcome unverified.

### AGENCY RESPONSE

Not requested by TCF; no new agency contact during migration.

# Scope & scoring

## Rogers Police Department, Arkansas

Agency: Rogers Police Department. Review: 2025-01-01 to 2026-10-13. Generated: 2026-10-13.

Official site: <https://www.rogersar.gov/279/Police-Department>. ORI: AR0040200.

**TCF score: 100.0/100. Evidence coverage: 15% (3/20 standards). Public sentiment: NR.**

**TCF Available-Record Grade 1.0 | A - 100.0/100**

**PROVISIONAL - LIMITED RECORD**

**ASSESSED PUBLIC RECORD.**

The grade describes only the evidence actually assessed against the fixed checks. It does not estimate overall police quality, the share of officers acting properly, resident trust, or future misconduct. Coverage measures assessed rubric weight, not the percentage of incidents or personnel reviewed. These editorial choices have not been statistically validated.

There is no minimum overall/category coverage or incident count for this limited grade. Each observation still needs sufficient evidence. With no assessable check the result is NR. Unknown checks earn no credit and no penalty; a zero rating is assessed and stays in the denominator. A department duty inapplicable to one event remains Unknown unless other evidence supports assessment.

The 20 fixed checks each weigh 5 points. Average distinct event observations within each outcome check; use one current snapshot for each publication check. Earned weight =  $\text{sum}(5 \times \text{check rating} / 4)$ . Score =  $100 \times \text{earned weight} / \text{assessed weight}$ . Coverage =  $\text{assessed weight} / 100 \times 100$ . Do not average category percentages equally or count multiple articles as separate incidents.

**Calculation:**  $100 \times 15 / 15 = 100.0$ . 3/20 checks; 15% rubric coverage.

Use the unrounded score for the letter: A  $\geq 90$ , B  $\geq 80$ , C  $\geq 70$ , D  $\geq 60$ , F  $< 60$ . Display one decimal, adding precision at a boundary so rounding never promotes a grade. With partial evidence the assessed checks determine the effective mix; each assessed check carries 33.33% of this headline result.

**Assessed categories:** Conduct, force and custody, Accountability, Service and communication

**Unassessed categories:** Transparency, Training and supervision

Do not rank departments whose grades cover different checks or sampling frames. A direct comparison needs shared checks and comparable periods, with remaining sampling differences disclosed. A change after regrading or added evidence is not proof of changed department behavior. Prior editions remain archived.

**Revision history:** Rescored the saved October 10, 2026 Rogers report under TCF Available-Record Grade 1.0 on 2026-10-13. Historical conduct cutoff remains 2026-10-09 and original source/comment retrieval dates remain 2026-10-10. Only public complaint/records/FAQ pages were reread October 13 for fixed publication components; a separately logged budget reattempt remained blocked. The narrow Warnick medical-care merits holding is assessed directly, not mechanically translated from the old Method 3.0 NR result. The regenerated report's overall evidence cutoff is October 13 solely because of these publication checks; unrefreshed incident and social lanes retain their separately stated historical cutoffs.

## Selection and evidence limits

**Population:** Retained Rogers public-web record for conduct 2025-01-01 through 2026-10-09, originally retrieved 2026-10-10, plus bounded complaint/records/FAQ publication snapshots on 2026-10-13.

**Selection:** Preserve the original official-repository/two-varied-searches-per-lane convenience selection and all favorable/adverse/procedural findings. Reassess every fixed check without expanding the historical incident

population. Read only named public complaint/records pages and their records-check FAQ for publication components; one budget reattempt remained blocked. No new incident, court, licensing or social discovery.

**Limits:** The original search rule is retained verbatim in original\_selection\_rule. No complete operational sampling frame, representative incident set or broad audit was obtained. C5 covers one court-resolved medical-care claim for two named officers, not the county jail or department-wide custody performance. New publication snapshots do not extend the historical conduct cutoff.

### Agency response

Not requested by TCF for this draft.

### Limitations

- Archive migration with historical conduct cutoff October 9, 2026 and original October 10 source/comment retrieval dates. Only named complaint/records/FAQ publication snapshots were reread October 13; the budget reattempt remained blocked.
- Three fixed checks are assessable. C5 is one narrow favorable district-court medical-care merits determination for two named officers; A1 and P2 concern published information. This is not a representative sample of departmental conduct.
- The Warnick medical-care holding is not expanded to all custody, force, policy or clinical duties; the separate Benton County jail is excluded. Complete body-camera footage was not independently viewed and later appeal/status remains unverified.
- No complete operational sampling frame, agency complaint/force outcome register, completed agency investigative/discipline sample, actual records-response log, roster-linked training completion or supervisory review sample was obtained.
- Final CLEST outcomes remain unverified; procedural referrals, extensions and tabled items are not final misconduct or failure findings.
- The 2026 police budget and current filled/authorized/reserve staffing remain unverified. A blocked PDF is Unknown, not evidence of concealment or a missing budget.
- FBI crime values retain their original snapshots: 2025 full year; 2026 January-April only, with May-September null, not zero. No annualization or performance inference.
- Public sentiment remains NR. All 51 raw archived comments retain their original exclusion/hold codes; no eligible dated department-specific sample or new collection is claimed.
- No agency records request or response invitation was sent. Public statements and published service promises are not responses to TCF or observed response performance.

# Conduct, force and custody

Fixed weight: 35/100. Assessed: 1/7 checks; 14.2857% category coverage. Earned/assessed: 5/5. Category score: 100.0.

## C1 - Stops and searches - Unknown

**Fixed benchmark:** A documented stop or search complies with its applicable authority and scope.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | The AP immigration-stop item remains a discovery lead and underlying stop/search records are unavailable. The Warnick order resolves medical care, not stop/search authority. [S10,S22]

## C2 - Arrests and detention - Unknown

**Fixed benchmark:** A documented arrest or detention has the required basis, duration and process.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | The retained Warnick merits holding concerns medical care, not a full basis/duration/process review of arrest or detention. No complete selected arrest/detention record resolves this check. [S10]

## C3 - Force justification and proportionality - Unknown

**Fixed benchmark:** A documented use of force meets the applicable necessity and proportionality benchmark.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | The February 26 shooting article and primary investigation/disposition remain inaccessible. Warnick's medical-care holding is not a force necessity/proportionality finding. [S10,S21]

## C4 - Restraint and de-escalation conduct - Unknown

**Fixed benchmark:** A documented encounter follows applicable restraint, intervention and de-escalation requirements in its actual circumstances.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No complete event and applicable restraint, intervention and de-escalation requirements were reviewed. A medical-care holding is not a separate de-escalation compliance finding. [S10]

## C5 - Custody and medical care - 4/4; 5/5 weight points

**Fixed benchmark:** A documented custody or medical-care episode meets the applicable safety and care duties.

**Scope / rationale:** Rogers officers Riley McCarver and Kaden Dickson during February 4, 2025 contact; March 23, 2026 district-court medical-care holding only. Excludes subsequent Benton County jail custody, other policy/clinical-care duties and department-wide performance. Complete bodycam not independently viewed; later appeal/status not verified. | Judge Mark E. Ford considered the pleaded facts and referenced body-camera record and affirmatively found no objectively serious medical need requiring immediate attention during the Rogers contact, no deliberate indifference and no violation of the right to medical care by Officers Riley McCarver and Kaden Dickson. This is a favorable merits determination on the stated legal benchmark, not merely immunity for an assumed violation. It supports anchor 4 for this claim and episode only. [S10]

**Distinct observations:** 1

**rogers-warnick-contact-2025-02-04 | 2025-02-04 | 4/4 [S10]**

**legal duty:** The Fourteenth Amendment medical-care standard applied by the district court in ECF 42: no deliberate indifference to an objectively serious medical need requiring immediate care, as evaluated in the Rogers officers' February 4 contact.

**Assessment:** Judge Mark E. Ford considered the pleaded facts and referenced body-camera record and affirmatively found no objectively serious medical need requiring immediate attention during the Rogers contact, no deliberate indifference and no violation of the right to medical care by Officers Riley McCarver and Kaden Dickson. This is a favorable merits determination on the stated legal benchmark, not merely immunity for an assumed violation. It supports anchor 4 for this claim and episode only.

**Locator:** ECF 42, pp.10-13, especially p.13 medical-care/qualified-immunity holding; retained source text lines 249-290 and separate Rogers/county conclusion.

**Applied anchor:** The reviewed episode affirmatively meets the stated benchmark: A documented custody or medical-care episode meets the applicable safety and care duties.

## C6 - Equal treatment - Unknown

**Fixed benchmark:** A documented service or enforcement decision meets the applicable nondiscrimination/equal-treatment benchmark.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No completed equal-treatment merits finding or sufficiently complete enforcement decision was retained. The immigration story remains a lead, not a verified finding. [S22]

## C7 - Report and evidence integrity - Unknown

**Fixed benchmark:** A documented reporting/evidence episode meets accuracy, preservation and disclosure duties.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No complete evidence/reporting episode and applicable accuracy, preservation or disclosure duties were retained. No falsification finding is inferred from allegations in litigation. [S10]

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

# Accountability

Fixed weight: 25/100. Assessed: 1/5 checks; 20% category coverage. Earned/assessed: 5/5. Category score: 100.0.

## A1 - Complaint intake access - 4/4; 5/5 weight points

**Fixed benchmark:** Published complaint intake is usable for its explicitly identified audience.

**Scope / rationale:** Complete public Comments or Complaints page, visible October 13; community members reporting officer misconduct; published process only. | All four components are readable on the bounded page. This evaluates publication only; no anonymous submission, impartiality, completion or 45-day performance was tested. [S24]

**Distinct observations:** 1

**rogers-complaint-publication-2026-10-13 | 2026-10-13 | 4/4 [S24]**

**TCF editorial expectation:** Published complaint intake is usable for its explicitly identified audience.

**Assessment:** All four components are readable on the bounded page. This evaluates publication only; no anonymous submission, impartiality, completion or 45-day performance was tested.

**Locator:** S24 lines 21-31, misconduct intake, investigation, outcome and anonymous questions

| Publication component                             | Met | Reviewed evidence                                                                                                                                                                                                                                   |
|---------------------------------------------------|-----|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Express route for identified audience             | Yes | S24 lines 22-23 expressly extend in-person, telephone, brochure and online routes to police misconduct concerns from the community.                                                                                                                 |
| Recipient and alternate around accused supervisor | Yes | S24 line 23 offers either a supervisor or an Internal Affairs Investigator; the named IA option supplies alternate intake beyond an accused immediate supervisor. This does not establish organizational independence or actual impartial handling. |
| No-identification or third-party handling         | Yes | S24 lines 29-30 expressly accept anonymous comments and state they will be processed to the fullest extent.                                                                                                                                         |
| Review stages and result-notification target      | Yes | S24 lines 23-28 describe intake, investigation of allegations, and outcome contact by the Chief or staff generally in writing within 45 days.                                                                                                       |

## A2 - Investigation quality - Unknown

**Fixed benchmark:** A completed documented investigation addresses the material evidence, competing accounts and relevant issues.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | Published intake and investigation promises do not establish the quality of a completed agency investigation. Closed-case evidence review and competing accounts remain unavailable. [S08,S24]

## A3 - Supported findings and explanations - Unknown

**Fixed benchmark:** A completed finding gives a reasoned conclusion supported by the reviewed evidence.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No completed reasoned agency accountability finding was obtained. The external court's medical-care holding is separately attributed and is not treated as a department complaint finding. [S08,S10]

## A4 - Corrective action and follow-through - Unknown

**Fixed benchmark:** Documented corrective action appropriate to an established issue is completed and followed up.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | The CLEST referral and tabled agenda item are procedural. Final findings, appropriate completed corrective action and follow-up are unverified. [S12,S13]

## A5 - Cooperation with external oversight - Unknown

**Fixed benchmark:** A documented oversight episode shows compliance with the applicable oversight requests and requirements.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | The minutes show requests/agenda action, but do not establish a complete oversight request, applicable obligations and the department's compliance with them. Final outcomes remain unknown. [S12,S13]

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

# Transparency

Fixed weight: 20/100. Assessed: 0/4 checks; 0% category coverage. Earned/assessed: 0/0. Category score: NR.

## T1 - Policy publication - Unknown

**Fixed benchmark:** A bounded reviewed public operational-policy set meets the publication components.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No authenticated current operational-policy text/version set was obtained. Complaint and records pages are process information; non-discovery of a manual is not verified nonpublication. [S08,S09]

## T2 - Complaint and force outcome disclosure - Unknown

**Fixed benchmark:** A bounded reviewed public outcome-reporting set meets the disclosure components.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No bounded readable complaint/force outcome reporting set was retained. Complaint-process language and a routine incident press update do not establish the fixed outcome-publication components. [S08,S18]

## T3 - Budget and staffing disclosure - Unknown

**Fixed benchmark:** A bounded reviewed budget/personnel publication set meets the disclosure components.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | Annual FBI staffing and conflicting undated recruiting descriptions are retained, but the official 2026 budget remains blocked (October 13 direct attempt: 403). The fixed budget/staffing set cannot be resolved; no absence or partial rating is inferred from access failure. [S03,S14,S16,S17,S27]

## T4 - Handling documented records requests - Unknown

**Fixed benchmark:** An actual documented request is handled accurately under the applicable scope, deadlines and disclosure/exemption duties.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No actual request, response, disposition or deadline/exemption review is retained. Published contact routes and the new three-business-day FAQ promise are not observed request handling. [S09,S25,S26]

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

# Training and supervision

Fixed weight: 10/100. Assessed: 0/2 checks; 0% category coverage. Earned/assessed: 0/0. Category score: NR.

## S1 - Required-training completion - Unknown

**Fixed benchmark:** Dated completion records establish that the identified required training was completed for the reviewed personnel and period.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | The approved Rule 1002 extension is procedural, not proof of completion or failure. No dated roster-linked required-training completion records were obtained. [S12,S14]

## S2 - Supervisory review and correction - Unknown

**Fixed benchmark:** Documented supervisory review identifies relevant issues and completes required corrective follow-through.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No completed supervisory-review record with evidence, findings, action and completed follow-through was retained. Organizational descriptions and accreditation do not substitute. [S01,S14]

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

# Service and communication

Fixed weight: 10/100. Assessed: 1/2 checks; 50% category coverage. Earned/assessed: 5/5. Category score: 100.0.

## P1 - Assistance and victim/crisis response - Unknown

**Fixed benchmark:** A documented assistance/victim/crisis episode meets the applicable response and follow-through benchmark.

**Scope / rationale:** Rogers Police Department, Arkansas; historical conduct 2025-01-01 through 2026-10-09. Publication snapshots are separately dated 2026-10-13. | No complete assistance/victim/crisis response episode with applicable service and follow-through duties was retained. The narrow constitutional medical-care ruling is kept in C5; the agency shooting update does not establish response quality. [S10,S18]

## P2 - Public access and communication - 4/4; 5/5 weight points

**Fixed benchmark:** A bounded reviewed police-service publication set supplies usable contact and routing information.

**Scope / rationale:** Complete Records Unit page and its Records Unit FAQ category, read October 13; public police-service routing and assistance information only. | All four fixed components are present in the bounded two-page set. The distinct records-check timetable supplies P2's service component; the complaint notification target is not reused. No records request was made. [S25,S26]

**Distinct observations:** 1

| Published written police or public-record route                                          | Yes | S25 line 46 provides an Email the Police Department link within its police contact block; S26 explains that report copies can be emailed on request subject to restrictions. This is a written police route, not evidence of a completed response. |
| Police-service assistance or escalation/response timetable                               | Yes | S26 lines 28-30 state records checks are processed on request within three business days and only cover records initiated by Rogers officers. This police-records service timetable is independent of the complaint-result target scored in A1.    |

Unknown means insufficient assessable evidence, not failure or a clean record. Publication findings do not establish operational implementation. The complete fixed anchors are published in the site methodology.

# Staffing, budget & crime context

## Full-time sworn

140 in the 2025 FBI return (October 31 annual snapshot). [S03,S23]

126 male and 14 female officers. Not a current filled-position count.

## Civilian employees

47 full-time in the 2025 FBI return. [S03]

13 male and 34 female civilians. Undated agency pages instead describe 41 or 42 civilians; those figures have different/uncertain timing and do not override the dated return.

## Current staffing

NR - current filled/authorized sworn positions and reserve roster were not verified.

## Reserve officers

NR - reserve roster and count not verified; do not interpret as zero.

## 2026 police budget

NR - operating, capital and total police appropriations not verified. [S16,S17]

The official Finance page links a 2026 PDF. Available retrieval routes failed; no police line items or adoption details were read.

## FBI UCR 2025

210 violent and 844 property offenses; January-December 2025, 12 reported months. [S04,S05]

TCF sums of monthly actual offense counts for AR0040200, not rates or arrests. Reporting-population values exist for all 12 months.

## FBI UCR 2026

67 violent and 263 property offenses; January-April 2026, four reported months. [S06,S07]

May-September monthly actuals and participated population are null, not zero. Data response states latest data month September 2026, refresh September 15, 2026. No annualization or complete-year comparison. These two categories are not all-crime totals.

Keep authorized and filled positions separate. Distinguish sworn and civilian personnel and dispatch scope. Identify adopted budgets versus actual spending and capital. Missing crime months are not zero. Partial-year counts are not compared directly with complete years. Crime is reported community activity, not a misconduct measure.

# Findings & outcomes

## 1. Rogers defendants dismissed in Warnick medical-care case

**COURT DECISION** | 2026-03-23 | [S10]

The court considered the pleadings and referenced body-camera evidence and found no medical-care constitutional violation by Rogers officers Riley McCarver and Kaden Dickson in the February 4, 2025 contact. It granted qualified immunity and dismissed the Rogers defendants, including the city claim and outrage claim. This includes a favorable merits determination on the medical-care issue. The county and sheriff's pleading motion was denied; that did not establish their liability. Available-Record migration: this narrow merits determination supports C5 only; it does not rate the separate county jail, other custody/clinical duties or all Rogers encounters.

**Scope:** Rogers defendants and defined claims only. TCF did not independently view the complete body-camera recording. Later appeal/status not verified.

## 2. Published complaint intake and response process

**AGENCY STATEMENT** | Undated; reviewed 2026-10-10 | [S08,S24]

Rogers publishes several complaint routes, accepts anonymous complaints, describes supervisor or internal-affairs investigation, and states a general 45-day written notification target. No complete complaint register, closed investigative files or measured compliance with that target was reviewed. The bounded public wording was reread October 13, 2026; no implementation was tested.

**Scope:** Published process; actual implementation and outcomes unverified.

## 3. CLEST voted to proceed to a hearing; final outcome unverified

**LICENSING DECISION** | 2025-07-08/09 | [S12]

The July 8-9 minutes record Rogers requesting decertification of former Officer Guadalupe Rodriguez. The commission voted to proceed to a decertification hearing. This procedural referral is not a final decertification or sustained misconduct finding. Targeted follow-up searches did not establish the later disposition.

**Scope:** Former officer named in minutes; no adverse finding attributed to current personnel or to the department.

## 4. Dated public update on an active shooting investigation

**AGENCY STATEMENT** | 2026-08-18 | [S18]

Rogers issued an update about an August 17 East Southern Trace Drive shooting and described consultation with the Benton County prosecutor. This is evidence that an agency public update was issued. The underlying investigation, response performance and final outcome were not independently reviewed.

**Scope:** RPD case 2026-4377; this release is not an officer-involved shooting adjudication.

## 5. Later county case stay located; current status unresolved

**COURT DECISION** | 2026-06-04 | [S11]

A later reproduced court order granted intervention and stayed the remaining county case pending a final state probate order. It does not reinstate the Rogers defendants or establish county liability. No later docket resolution or appeal was verified in this review.

**Scope:** Remaining county litigation; described as a dated order, not necessarily the current case status.

## 6. Training extension approved

**LICENSING DECISION** | 2025-07-08/09 | [S12]

CLEST minutes approve a Rule 1002 extension requested by Rogers for Jonathan Castaneda. The approval does not establish eventual training completion and is not itself a failure finding.

**Scope:** One named training-extension request; not a workforce completion audit.

### 7. CLEST tabled a Rogers agenda item for more information

**AGENCY STATEMENT** | 2026-06-11 | [S13]

DPS's distributed June hearing summary lists the James Templin / Rogers Police Department agenda request among those tabled to obtain further information. The summary does not report a final adverse finding. Later status was not verified.

**Scope:** Procedural agenda status in a state agency release.

### 8. Historical accreditation claim outside the review window

**ACCREDITATION** | 2024-11-20 | [S01]

The city police page reports its fifth CALEA award on November 20, 2024. This predates the review window; the underlying assessment and current compliance were not independently examined.

**Scope:** Agency-reported historical context; no conduct points awarded.

# Public sentiment & audit

**Result: NR.** 51 comment records reviewed; 0 eligible account-platform units: 0 positive, 0 mixed, 0 negative. 49 records excluded; 2 held. 0 eligible statements before account aggregation. 0 discussions; 0 independent publishers.

**Earlier edition sample (not recollected or rescored):** 51 reviewed; 0 eligible. Original cutoff 2026-10-09. Historical index: NR.

Raw 51-row original sentiment array and discussion provenance retained unchanged; original result NR. No new comment collection.

**Collection rule:** Review public evaluations dated 2025-01-01 through 2026-10-09 of Rogers Police Department, Arkansas. Search each required platform with jurisdiction-qualified and shortened names, including routine service, favorable and adverse leads. Open the first two jurisdiction-verified distinct discussions per platform encountered in each neutral/favorable/adverse search family, up to six per platform; deduplicate reposts. Capture all publicly accessible comments in each selected discussion without a sentiment quota. Prefer chronological order; record actual order and truncation. Include independent publishers. Hold uncertain dates or target/context. This is a disclosed public-web convenience sample, not a resident survey.

**Coverage:** 51 readable comment records captured from one Best-sorted Reddit discussion. Deleted/removed placeholders and related-post links were not counted; collapsed replies were unavailable. Most entries concern the Benton County jail, policing generally, remembrance or unrelated replies. Two arrest-related comments are held because exact date and department-specific scope were not verified. All seven required platforms were searched, but Facebook was blocked/throttled, TikTok discovery reported a robots restriction, and the other required platforms yielded no verified accessible comment discussion in this search pass. Additional Reddit discussion openings failed. Zero eligible entries, zero eligible discussions and zero eligible independent publishers; one actual discussion was reviewed. This access-limited convenience sample cannot support department sentiment. Migration note: this is the original October 10 collection for the October 9 cutoff; all 51 raw records and their original coding/provenance are preserved. No fresh social collection was performed.

NR reason: Fewer than 30 eligible account-platform entries

NR reason: Fewer than three distinct post discussions

NR reason: Fewer than two independent publishing sources

NR reason: No eligible dated department-specific sample; incomplete platform access and a single accessible controversy thread.

Minimum: 30 eligible account-platform units, three distinct post discussions, two independent publishing sources, and completed reliability review. Formula:  $1 + 99 \times (\text{positive} + 0.5 \times \text{mixed}) / N$ , rounded half up. The minimum is an editorial coverage rule, not a statistical guarantee. This convenience sample is not a resident-trust percentage. Only the latest eligible substantive evaluation per account-platform counts; mixed requires both favorable and unfavorable evaluation in that retained comment. Account identity is not inferred across platforms. Views, likes and shares do not count.
